is taking up private practice. This, I fear, is not conducive to whole-hearted work on his part in connection with the institution of which he is in charge. In my opinion it seems necessary to ~~prohibit~~ prohibit him from taking up any practice in the interest of the Lunatic Asylum.

Ltd 31.8.13

E. O. 20: 9 9/3 1.11.13

I fail to realise how private practice in the case of the Officer in charge of the Lunatic Asylum is incompatible with the proper discharge of his public duties. There is no precedent for such a conception in the British Indian or any other Govt:

It would I think be more to the point if the G. O. said that when the charge of the Lunatic Asylum is combined with the Superintendentship of the Mysore Govt: Medical Stores the Officer holding the combined Appointments should desist from private practice.

Even in this case justice demands that a substantial local allowance should be granted to the Officer as compensation for loss of private practice

tion to neglect or be indifferent towards patients resorting to the public institutions concerned, so as to coerce them to resort to themselves as private paying patients. In fact I am informed (on good authority) that there are such Medical Officers in service. I do not know if it would not on the whole be an expedient course to prohibit all medical men employed in public hospitals &c from private practice. If it is necessary to compensate those already in service it may be done by Govt charging fees to attendance of such medical men at private residences and paying a reasonable allce therefrom to these

25 Submitted to His Highness.

M

From a report submitted by the Senior Surgeon on a certain petition against Mr. V. Abboy Naidu, Superintendent of the Lunatic Asylum, Bangalore, it came to notice that this officer had a large amount of private practice. The Second Councillor considers it desirable to debar the Superintendent of the Lunatic Asylum from taking up private practice, as it will prejudice his duties in connection with the institution of which he is in charge. A draft order is accordingly placed in the file.

Page 7 in the limited file

2. Mr. P.S. Achyuta Rao, late Senior Surgeon, who was consulted in the matter, stated that there was no precedent for debarring a Superintendent of the Lunatic Asylum from private practice. He does not however appear to have been correctly informed inasmuch as the Superintendent of the Lunatic Asylum in Madras, for instance, is subject to this disability.

Page 5 of the office notes

W

3. The First Councillor and myself also consider that it is desirable to prohibit private practice in the case of the officer in question.

Pages 7–9 of the office notes

4. The First Councillor further suggests the desirability of preventing all Medical officers directly in charge of, or working in, Hospitals and Dispensaries from taking up private practice. This proposal will be considered separately.

5. In these circumstances, the draft order may be graciously approved by His Highness.
